DAY ONE

1

Arriving on the Coast

• Afternoon

Amalfi town

The Duomo di Sant'Andrea sits at the top of sixty-two steps in Piazza Duomo; the cathedral is open daily from 10:00, and afternoon light catches its striped facade.

DAY TWO

2

Positano and the Ridge

• Morning

Positano

SITA buses to Positano leave from Amalfi's seafront terminal; arrive early to claim a right-side seat for the cliff views toward Praiano.

• Afternoon

Path of the Gods

The Path of the Gods runs from Bomerano (Agerola) to Nocelle, roughly three hours one way. Start in Bomerano to walk downhill, and carry water as there are no fountains along the ridge.

DAY THREE

3

Ravello Above the Sea

• Morning

Ravello

Ravello sits 365 metres above the coast, reached by bus from Amalfi in about 25 minutes. Villa Rufolo's gardens open at 09:00, right off Piazza Duomo.

• Afternoon

Villa Cimbrone

Villa Cimbrone is a ten-minute walk from Ravello's main square through Via Santa Chiara. The Terrace of Infinity is open from 09:00 until sunset; entry is via the cloister gate.

Capri by Boat

● Morning

Capri

Ferries to Capri depart Amalfi's main pier in the morning, taking around 50 minutes. Buy return tickets on arrival, as afternoon sailings back fill quickly in September.

● Afternoon

Blue Grotto

The Blue Grotto is reached by boat from Marina Grande and entered only in calm seas, usually before 14:00. Bring cash for the rowboat transfer at the cave mouth.

Ancient Stones

● Morning

Pompeii

Trains from Sorrento on the Circumvesuviana reach Pompeii Scavi in about 30 minutes. Enter at Porta Marina before 10:00 and head straight to the Villa of the Mysteries on the far side.
